City Council

The regular meeting of the city fathers took place on Tuesday evening with all present except Mayor Swoboda and Alderman Chandler and Gross.

Ald. Montgomery was voted to the chair, when the minutes of the last meeting were read and approved.

Among the correspondence read were letters from Brackenridge & Lund and C. S. Lott, re coal.

A. C. Rutherford, re assessment, Jno. Foremen, re wire order, Secretary-Treasurer of Edmonton, re borrowing wire.

A. S. Huestin, Battleford, re cost of electric plant, wages paid, etc.

Tanner & Watson applied for electric light for their feed barn, which request was granted on the condition that they pay in advance.

A request was presented from a number of the electric consumers asking that the power be turned on earlier in the evening. The fire, water and light committee was instructed to see Mr. Taylor, re the matter.

Certain draymen requested that the bylaw governing the license should be amended so that a party desiring to team for a period shorter than one year could procure a license pro rata, covering the time required. Ald. Raybould thought that some distinction should be made between draying and teaming. After a lengthy discussion it was moved by Ald. Raybould that a definition for the word draying for the purposes of licensing be submitted to the city solicitor, by the finance committee.—Carried.

The procuring of license tags for drays was left in the hands of the finance committee to ascertain the best way to have them printed and prices and report.

Raybould—Gould—That the date for chimney sweeping as laid down in bylaw 250 be extended Nov. 1st of this year and that the fire, water and light committee be instructed to engage a man as a chimney inspector and sweeper.—Carried.

It was moved by Raybould—Gould—that 400 carbons and three sets shunt coils be ordered direct from the usual source.—Carried.

Accounts amounting to $577 87, were passed for payment.

The clerk was instructed to look after the lane at the rear of L. R. Rix's new building.

The fire brigade recomended that the drying racks in the fire hall be taken down as it is of no use, as it is occupying valuable space. The apparatus could be stored to much better advantage if this was taken out. The matter was left until next meeting.

Ald. Montgomery reports that the fire engineer had drawn attention to the want of a tender for use of fire engine. The clerk was instructed to get prices on a water barrel for use with the engine.

The fire, water and light committee was instructed to have the fire engine tested again as regards priming.

It was decided to have the Court of Revision in the city hall at 2 p m on October 1st.

The clerk was instructed to write Mr. Thorold re carrying out his contract.

Meeting then adjourned.

"Dick" Evans, who has been the popular operator at the station here for several months, has severed his connection with the C. P. R. and left on Wednesday evening for Sacramento.

Mr. S. A. Soanes is shipping bread to Bittern Lake, Camrose and Bawlf. He also informs us that he has written to Winnipeg to get a first class baker who will be a great assistance to him as it has become a necessity owing to his increasing business.

Fernie, B. C. Sept. 22nd—Eight hundred miners employed in the Crow's Nest Pass colliery struck today, refusing to work with non union men. The mine is closed.

The Manufacturers Association, which is touring the west, will pass through the city on Friday afternoon of this week.

Dr. MacEachern of Bawlf passed through the city on Wednesday on his way home from a visit with friends and relatives in Ontario. The Dr. says he is pleased to get back to good old Sunny Alberta.

L. R. Rix's handsome new block is now about completed and he purposes occupying the new premises next week. When all his stock arrives he will have one of the neatest and most complete gents furnishing stores in Western Canada.

We understand a couple of popular Wetaskiwin young men purpose opening up a stock of ready-made clothing and furnishings about Nov. 1st in the premises about to be vacated by L. R. Rix.

There will be no service in the church of England Sunday, the 30th Sept., owing to the absence of the rector.

We were shown this week an excellent sample of Preston wheat grown on the farm of J. Dowler, near Millet. Mr. Dowler had about 30 acres in crop, which yielded over 40 bushels

A carload of fruit consigned to Compton & Montgomery, while standing on the siding here was broken into last Sunday night, and considerable of the fruit was stolen.

Some malicious party recently broke into the house used by J. H. Walker, to protect his meteorological instruments, and removed the government thermometer. It was afterwards found in the yard in a useless and broken condition. Mr. Walker is offering a handsome reward for the conviction of the culprit.

Strathcona collected and sent to the New Westminster Fair a number of exhibits to illustrate the products of the district. Besides grains, grasses etc., there were samples of soil, brick and coal. Why were there no exhibits from Wetaskiwin?

Alberta's Big Crop

Crop Bulletin No. 3, under date of August 29, has just been sent out by the Department of Agriculture and makes interesting reading. It tells a story of good crops, of extensive crops, greater crops than have been.

Two features stand out prominently in this crop report. One is that the crops are better than they have ever been in the west before, better not only in the extent of them but in the per acreage yield. The other feature of the report is the revival of the winter wheat crop, which at one time was regarded as somewhat backward and only about half a crop.

The department estimates the yield for the year as follows: Spring wheat 2,332,262 bushels, winter wheat 907,421, oats 13,192,150, barley 2,201,179.

By comparing this with the yield last year it will be found that the increase in volume of the spring wheat is 44 per cent., of winter wheat 32 per cent., of oats 38 per cent. and of barley 24 per cent.

The report says:

It is estimated that 541,481 acres are under crop this year, which compared with the total crop area of 415,917 acres in 1905, shows a very healthy increase. From the figures herein given the estimated average yields for the province will be as follows: Spring wheat 23 85 bushels per acre, winter wheat 20 70, oats 40 85, barley 29 (8.

It should be borne in mind while perusing the tables issued by the department in connection with crops that the yields given are from threshers' measure and not by weight. The standard weight of oats per bushel is 34 lbs., but as the oats grown in Alberta averages from 40 to 44 lbs. per measured bushel the yield of oats if given by weight would be at least one-fifth more than shown, which would bring the estimated average yield for 1905 up to 49 02 bushels per acre.

The Wetaskiwin District comprises an area of 2520 square miles and include the country adjacent to the Edmonton branch of the C. P. R, from Hobbema to Millet, to the Wetaskiwin branch to Dysland. The crop area in acres in 1905 was as follows: Spring wheat, 5355, Winter whe[illegible]10, Oats, 26839, barley, 6030, flax, 56, speltz, 36. The total yield in 1905 was Spring wheat, 144755, Winter wheat, 196, Oats, 1,129,417, barley, 184,502, flax, 687, speltz, 723. The estimated crop area in acres, 1906 is as follows: Spring wheat, 6,104 oats, 31,938, barley, 6,572, and the estimated total yield is: Spring wheat, 159,863, Oats, 1,166,056, barley, 186,316. The estimated crop area 1906 is 44,614 acres, as compared with 38,326 last year.

Growing in Popularity

The Family Herald and Weekly Star continues to grow in public favor year after year. If it keeps on at the present rate it will soon be in every home in the Dominion. It deserves it, too, for it is a great family and farmer's paper with out an equal on the continent. The Family Herald's new premium picture for this season is entitled "A Tug of War" and is one of those pictures one sees in an art store with a ticket "price two dollars." To get the Family Herald and Weekly Star and such a beautiful picture all for one dollar is certainly big value.

The Weed Question

The following letter was read at a recent meeting of the city council:

Sir,—As you are probably aware, this department is making vigorous efforts to cope with the weed question of this province. The experience of Manitoba and the earlier settled parts of the country has proved that neglect of the weeds at the outset in the life of a province is a mistake which cannot be remedied without years of trouble and expense.

At the time the seed train went through the country last winter, 14 p. c. of last year's crop, which had then passed through Winnipeg, was rejected on account of smut.

This represented an enormous loss to the country and unless a steady systematic effort is directed towards the destruction of the weeds, Alberta is likely to suffer as severely in the future as other parts of the country are suffering now.

This year the efforts of the department toward the cleaning of the farms have met with a considerable measure of success but it is felt that no matter how clean the farms are, if the towns and villages are allowed to remain as seed beds for weeds, all efforts at controlling the weeds of the province will be heavily handicapped.

With the object then of making this good work as complete as possible the department would suggest that all the cities, towns and villages of the province take steps to clear their streets of weeds, and also bring pressure to bear upon the householders to clean up their premises.

The weeds should be cut and burned to destroy any seed which may have matured, and to prevent any seed bearing weeds being blown about by the winds.

Trusting you will bring this matter before your council at your earliest convenience, I remain,

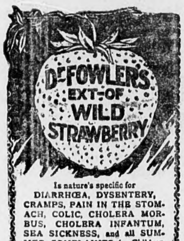

Your obedient servant,
GEO. HARCOURT,
Deputy Minister

Willie: Papa, if I was twins would you buy the other boy a banana, too?

RADWAY'S READY RELIEF

RHEUMATISM, SCIATICA

Strong Testimony of Emigrant Commissioner the Hon. George Starr, as to the Power of Radway's Ready Relief in a Case of Sciatic Rheumatism.

Van Ness Place, New York.

Dr. Radway—With me your Ready Relief has worked wonders. For the last three years I have had frequent and severe attacks, sometimes extending from lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September, at the request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow created by the Ready Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks, approaching a change of weather, I know now how to cure myself and feel quite master of the situation. Radway's Ready Relief is my friend. I never travel without a bottle in my valise. Yours truly,

GEORGE STARR.

DISTRICT NEWS

Gathered by our wide-awake Correspondents.

Camrose

(From The Mail)

Mr. Wise of Edmonton is added to the staff at the Merchants Bank.

Mr. Allen is putting up an office for Dr. Shea next to the Massey Harris Building.

Mrs. W. C. Carruthers of Wetaskiwin spent Sunday in Camrose, on her way home from visiting her son

The Windsor Hotel, Camrose changed hands this week. Mr. U. Cunningham takes it over on the 1st of Oct C. Hansen retiring.

F. Adam and family returned from the B. C. coast on Monday, looking well and hearty. Too much rain in the coast for our friend Adam, Alberta climate suits him best.

Now the long winter evenings are coming on something should be done along the literary line. Why not form a reading room and have papers read and discussed in some of the live issues of the day. Think of the matter and let get to the books and the papers, and live at a good lite ary boarding house for the winter. It will help us all, broaden our heart and deepen our brains.

The business men of Camrose have just passed a resolution to expend $7000 in a system of fire protection, which outlay will include a No. 6 Waterous gasoline fire engine.

Pleasington

(Intended for last week)

The first harvest of these parts is about over and a pretty good crop throughout has been secured. A large amount of hay has also been put up although the grass was short in some places, whilst in others it was very heavy.

Quite a number of settlers have gone out to their winter employment after spending the summer improving their homesteads, others are coming in to build, etc, ready for the cold winter months.

Mrs. R. Hornby has been compelled to remain in her bed, having been seriously sick. Dr. Halladay of Daysland had to be called in. It will, however, be months before she is well again.

Prairie fires are again to be seen in the surrounding districts.

Messrs. Bauers and Ainsworth of Mannville passed through on their way south to transact business matters.

Mr. Levia has gone to Montana to fetch his family and effects. He has been here all summer building and breaking.

Mr. Duckworth has gone to Brandon after being here for a short time.

Mrs. Johnson and family are expected shortly from England to join her husband in his new enterprise.

A post office has been granted by the Postal Department and Mr. T. C. Hornby has been accepted as postmaster,

It is gratifying to note that in so short a period of a year and a half this enterprising district should have attained such a prosperous appearance. A year and a half ago the country was nothing but a wild prairie on which large herds of cattle and horses ranged without anyone to disturb them save an occasional ride round by the ranchers by whom they were owned. It was also the home of the prairie wolf, but now there are houses all around. All Dominion land is taken up fencing being done and in some instances breaking done to the amount of 100 acres. Two schools are under way of organization. What is now needed is a local improvement district which will no doubt shortly be organized.

Nearly 23,000 young men came from Ontario this season to the central provinces of the west. There is no doubt that a great many more will take advantage of the second series of excursion trains running this month.

Silver Creek

School re-opened on September 3rd after a month's vacation.

Miss Mae Cole, who has been home for a month, returned to Camrose Sunday evening.

Mr. Ware, Miss Ware and Master Allen were visiting at Mr. Cole's last Sunday.

Mr. Douglas was visiting at Mr. Cole's last Sunday.

Miss Fearne spent Saturday and Sunday with Mrs. Stacey.

The threshing machine has been working in this district last week. Mr. Ellingson and Mrs. Lavange have threshed.

A party of duck hunters were out last week and came home well satisfied with their bounty.

Mr. Yates has his kitchen remodeled and is ready to let his neighbors test the smoothness of the floor.

This dry weather is hard on the wells and creeks. The stock are in search of water.

We are very glad to inform the friends that Mrs. Cartier is improving nicely.

The bridge across the river is now completed and we hope the grade will also be finished soon.

Willie: Papa, if I was twins, would you buy the other boy a banana, too?

MILBURN'S
Heart and Nerve Pills.

Are a specific for all heart and nerve troubles. Here are some of the symptoms. Any one of them should be a warning for you to attend to it immediately. Don't delay. Serious breakdown of the system may follow, if you do: Nervousness, Sleeplessness, Dizziness, Palpitation of the Heart, Shortness of Breath, Rush of Blood to the Head, Smothering and Sinking Spells, Faint and Weak Spells, Spasm or Pain through the Heart; Cold, Clammy Hands and Feet. There may be many minor symptoms of heart and nerve trouble, but these are the chief ones.

Milburn's Heart and Nerve Pills will dispel all these symptoms from the system.

Price 50 cents per box, or 3 for $1.25.

WEAK SPELLS CURED.

Mrs. L. Dorey, Hemford, N.S., writes us as follows:—"I was troubled with dizziness, weak spells and fluttering of the heart. I procured a box of Milburn's Heart and Nerve Pills, and they did me so much good that I got two more boxes, and after finishing them I was completely cured. I must say that I cannot recommend them too highly.

A BAD CASE
OF
KIDNEY TROUBLE
CURED BY
DOAN'S KIDNEY PILLS.

Kidney Troubles, no matter of what kind or what stage of the disease, can be quickly and permanently cured by the use of these wonderful pills. Mr. Joseph Leland, Alma, N.W.T., recommends them to all kidney trouble sufferers, when he says—I was troubled with dull headaches, had frightful dreams, terrible pains in my legs and a frequent desire to urinate. Noticing DOAN'S KIDNEY PILLS recommended for just such annoyances as mine, it occurred to me to give them a trial, so I procured a box of them, and was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to all kidney trouble sufferers.

Price 50c. per box, or 3 for $1.25; all dealers or The Doan Kidney Pill Co., Toronto, Ont.

Communication

We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—[Ed.]

To the Editor of The Times:

Sir,—In last week's issue of The Times, Mr. Charles Olin, government bridge builder, government bridge inspector, justice of the peace, license commissioner and president Liberal Association and general lieutenant for Mr. Rosenroll, arose in his wrath, spat on his hands and wanted a lot of information. Now, why Mr. Olin should worry over Mr. Rosenroll's quarrel is not clear. Mr. Olin was not questioned. It may be said for his edification that the writer claims to be a free born British subject with the right to use a non de plume or not just as he chooses, dark hair or no dark hair, and poll tax dodger or not. A great deal of power has been thrust upon Mr. Olin but when was he appointed by A. S. R. to be dictator of how a British subject should write on public matters in Alberta. Come down, Charlie, you are sitting too high. Your political bronco may buck. In our college days we often heard it said that the king can do no wrong. Was his vile and profane language to the Editor of The Times on the morning of Sept. 1st, appropriate and becoming to a gentlemen, a Justice of the Peace, a member of parliament or a king?

Auld LangSyne
Our Charlie had a little corn
Right on his little toe,
And when we stepped upon it
Then he loudly hollered, oh!
Oh Charlie you've ten toes,
My dear you have ten toes,
And if we'd step upon them all
You'd hollar oh! oh! oh!

Yours truly,
—Rachauffe

Dear Sir,—In the last issue of your valuable journal, Mr. Chas. Olin certainly gets hot but, to what effect? Is he to head off public enquiry? Who is he, to shoulder Mr. Rosenroll's little affair? In the first letter Mr. Rosenroll states that the Gullickson property had been listed at $400 per lot for some time. In the same issue Mr. Frances B. Linden comes forward with another containing principally the information that he had that same property listed at that same price for some time, while one of his great advertisements contained information that the firm does not accept property listed with other firms. Why should Mr. Linden's epistle appear vouching a statement re the price of lots which had never thus far been questioned? Then, too, why should both Mr. Olin and Mr. Linden jump into this thing and Mr. Rosenroll so decidedly stay out? If they can absorb all the public attention and pat Mr. R. on the back at the same time it will make it Rosy for Mr. Rosenroll, won't it? The writer of the letter claims the privilege of making his name public or not as he chooses and certainly is not going through town armed with a letter composed by one of the wittiest editors in the West as a future reply to those who question not his doings, but those of Mr. A. S. Rosenroll, M. P. P.

Thanking you, Mr. Editor, for the space to discuss this public question, I remain

Yours truly,

School Children's Column

The VI form have been moved from the principal's to Miss Moore's room, Standard VIII taking their place in the principal's room.

New pupils are entering school every day and there are a good many more expected who have not been able to return as yet.

A large majority of the boys of the school are intending to send a petition to the school board asking for a gymnasium.

Autumn is here again with all its beauty, the glorious colors painted by nature's own artist and the golden fields of grain that stretch as far as the eye can carry, tend to make one scene of sublime grandeur.

Canada has been very prosperous and has good promises of becoming a wealthy country. A man, who has travelled over nearly every part of the United States, visited Canada a year ago and made the remark that it surpassed the United States of earlier times, when it had a smaller population than it has at present, and was a new country.

RHEUMATISM

Do you know the system rids itself of waste matter through bowels and kidneys? Yes, but by the skin as well.

As a matter of fact, the skin rids the system of more uren than the kidneys do.

If the skin, or bowels, or kidneys are unhealthy—they won't throw off enough urea. This urea is changed into uric acid—carried by the blood to joints and nerves—causing Rheumatism.

One never inherits Rheumatism. One does inherit weak kidneys, irregular bowels and bad skin action.

Fruit-a-tives
OR "FRUIT LIVER TABLETS"

will positively cure Rheumatism because they increase the eliminating action of skin, kidneys and bowels—and make these three organs so vigorous and healthy that there can be no urea or waste retained in the system to poison the blood and irritate the nerves.

FRUIT-A-TIVES are fruit juices, combined with tonics—the whole forming the most effective cure for Rheumatism.

50c. a box or 6 boxes for $2.50. Sent on receipt of price if your druggist does not handle them.

The New Ten Commandmen's

1. Thou shalt not go away from home to do thy shoping, nor thy son, nor thy daughter.

2. Thou shalt promise thy home merchants and thy home printer, for yea, verily, doth not thy home printer spread over the glad tidings of thy goodness and greatness and they shall patronize thee.

3. Thou shalt employ thine own mechanics that they may not be driven from their homes to find bread for their little ones. Thou shalt also consider him as thy neighbor, above all of them that dwelleth in a strange town.

4. Thou shalt not ask for credit as the goods cost much money and the merchant's brain is burdened with bills. His children clamor daily for bread, and his wife abideth at home for lack of such raiment as adorneth her sister. Blessed, yea, thrice blessed is the man that pays cash.

5. Thou shalt not ask for reduced prices for thine "influence" for behold guile is in thine heart and the merchants readeth it like an open book, he laugheth thee to scorn and shouteth to his clerk, "ha. ha!"

6. Thou shalt do whatever lieth in thy power to encourage and promote the welfare of thine own town and thine people.

7. Thou shalt not suffer the voice of pride to overcome thee, and if other towns entice thee, consent thou not, for thou mayest be deceived.

8. Thou shalt spend thy earnings at home, and they may return from whence they came and give nourishment to such as come after thee.

9. Thou shalt not bear false witness against the town wherein thou dwelleth, but speak well of it to all men.

10. Thou shalt keep these commandments and teach them to thy children to the third and fourth generations, that they may be made to flourish and grow in plenty when thou art laid to rest with thy fathers.

A Chapter of Don'ts

Don't, if you are a woman, "dress up" and "pink" until you look unnatural. Don't go to a hairdresser and have her do your hair as she thinks it most becoming to you Do it yourself in the simple way you always wear it. Don't select your prettiest gown to be photographed in, if it does not also happen to be your most becoming gown, unless you want a picture of the gown itself.

Don't, if you are fat and have a double chin, wear a high, stiff collar. Don't, if you are thin and bony, wear an evening gown.

Don't, if you are a man, go to a barber and have your hair newly cut and plastered to your head as if it didn't grow there.

Don't, if you are fat, wear too high a collar or ask for a full-length profile view. Don't if you have a long, thin neck, wear an old-fashioned turndown collar. Wear a collar that is as high as collars are made. Don't go to be photographed when you are tired or ill or worried. Don't let yourself get nervous over the process.

Don't think you have to hold your breath during the time of exposure, that is if you have your picture taken by Talbot Bros. Don't think you have to go to the photographers on a bright day. A dull day is often much better than a bright one for photographic purposes.

Don't insist on a particular pose unless the photographer says it becomes you. Remember Talbot Bros are always studying beauty and knows your good and bad points better than you do.

Don't think that you have to make a date, for Talbot Bros. are always on date and always pleased to meet the fat and the lean, the tall and the short, the rich and the poor. Welcome one and all.—1t

Synopsis of Canadian Northwest HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved may be homestead by any person who is the head of a family, or any male over 18 years of age, to the extent of one quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

News Notes

Ottawa, Sept. 16.—It is understood that the Postmaster General will shortly announce an increase in the scale of salaries paid to rural postmasters, for which the latter have been clamoring for years on account of the increased cost of living in almost every parts in the Dominion.

The Roland Borden hospital is nearing completion at Vegreville. It derives its name from a prominent citizen of Elora, Ont., whose widow is erecting it as a memorial to him, under the auspices of the W. H. M. S. of the Presbyterian church. It is to cost $3,500

New York, Sept. 24.—The world today says:—Over 1,000 persons have been put to death without warrant of law in the United States in the past twenty five years. Ninety-five per cent. of them were negroes charged with assaults on white women. The methods of execution comprised hanging, shooting, flogging, burning at stake and flaying. In one instance in Arkansas the victim's arms and legs were twisted from their sockets. As a rule the more atrocious the crime the more atrocious the punishment.

Innisfree, Sept. 22.—Gold has been discovered here. A. C. N. R. steam shovel, at work in the dry bed of an ancient river, has unearthed the precious metal, whether in paying quantities or not remains to be seen. Samples so far discovered are said to be remarkably rich. Claims have already been staked out and the townpeople are considerably wrought up over the discovery.

Carstairs Journal:—It may be a surprise to some of the journal readers to be told that there is a colony of beavers five miles east of Carstairs on the Rosebud river, but it is a fact. On the land of Geo. Hutchinson, about 200 yards from his house, a colony of these animals are constructing a dam across the Rosebud at a point best suited for the work. Mr. Hutchinson was in the Journal office Thursday and gave some interesting facts regarding the intelligence shown by these animals. In the construction of their dam they use poplar and willow trees and brush, stone and mud, and the manner of construction is evidence of wonderful animal mechanical ability. Where the current acts strongly upon the dam they have placed sticks a near endways to the current as possible and braced ingeniously against the dam. Sticks of poplar are cut off on a bevel and others beveled to fit. Stones are so placed as to bind and weight down the structure. The beavers have been working there for about two months. The dam is about twenty feet wide and as the water rises in their dam pond they build higher, so that but little water goes through and the pond is getting larger. Many visitors are going to see it. Mr. H. has seen some of the beavers.

Ohaton

Jas P. Ohlesen saw two moose on Thursday of last week on his homestead three miles north of here. They were grazing in a little thicket and Mr. Ohlsen got within 30 rods of them before they ran away. They were good size and appear to be making their home in this vicinity.

NEWS NOTES

W. A. Snider made a business trip to Okotoks last week.

Miss Swain, who has been the guest of Mrs. Geo. D. Wallace, left on Thursday morning for her home in Chicago.

E. F. Hobden, general manager of the Merchants Bank of Canada, was in the city on Wednesday inspecting the local branch.

This Office is the place for neat job work at reasonable prices. Visiting cards; Billheads; Letterheads in best linens and bonds; Envelopes and pamphlets. Let us print the bills for that coming Auction Sale of yours.

Mr. George H. Shaw, general traffic manager, C. N. R. announced at the session of the Railway Commission that the company were going to reduce the rate to commercial travellers from 3 cents to 2½ cents a mile. The new rate went into effect Saturday morning, Sept 15th.

J A McLaren, publisher and proprietor of the Barrie examiner, passed through the city last week and gave The Times a pleasant call. He was on his way to Killam to visit his brother-in-law, A. R. Forsyth.

It is reported that the Liberal Association of Edmonton will tender a complimentary banquet and reception to Hon. Frank Oliver in the Thistle Rink at that place, on Oct. 4th next

Mr. W. R. Armstrong, of The Times staff, has been spending the past week in Edmonton. He is accompanied by his sister and brother from B. C. who came up on Wednesday of last week. On their return Miss Armstrong and brother will visit friends in this city.

Court of Revision will take place at the city hall on October 1st at 2 p. m.

R. M. Angus, the manager of the Opera house, informed us this week that a meeting of all the managers of Opera houses in the west was to be held in Calgary shortly for the purpose of organizing a circuit. If this organization is effected the best class of troupes would appear at regular intervals at all the places included in the circuit and the inferior shows would be "cut out."

Happiness

¶ A famous professor once stated that "The happiness of the human race was much affected, and often unconsciously by our surroundings and too little attention was devoted toward pleasing the Eye."

¶ How true this is with regard to our walls that which we see the most of is often neglected.

¶ Why not freshen up and make your home look beautiful with either Canadian or American wall papers, the best in the world, found at F. P. Spencer's on McDonald Street.

Borders same price as ceiling and side wall, from 5c to 50c per roll. A few hundred rolls, odds and ends, at 3c each.
